Asahi is a graduate student, who suddenly had to take care of his older sister's child Masaki (5). He was shopping for dinner in a supermarket. Troubled by his tight living expenses, he coincidentally met and received assistance from his childhood friend Nishino, who he hasn't seen for 6 years. The family of 3 men just happened as they went with the flow, but somehow Nishino's skinship is crossing some lines?

NO, YOU CAN'T! THERE'S A CHILD WATCHING US?!

My sister and I lost our parents when we were young due to an accident, so we grew up moving from one relative's place to another...
YEAH...
You're right...
NEE-CHAN DIDN'T GIVE ME ANY MONEY FOR MASAKI'S LIVING EXPENSES...
I'm stuck.
ARE WE GOING SHOPPING?
...and once I finished my compulsory education I couldn't rely on my relatives further for tuition and living expenses,
so I moved into dorms.
I pay my tuition with scholarships and salary from part-time jobs
Now that I'm a second year grad student, I should be a 9 year veteran at this lifestyle, but
